

To: West Virginia University School of Dentistry
Orthodontic Residency Applicants

RE: New Policy Impacting Interview Selection

Beginning in the 2016-2017 application cycle, to be considered for an interview with the West Virginia University School of Dentistry Department of Orthodontics, applicants must be applying **exclusively** to programs participating in the Postdoctoral Dental Matching Program. We feel that participation in the Postdoctoral Dental Matching Program is fair, mutually beneficial, and ensures optimal outcomes for applicants and the Orthodontic program. Hence, Orthodontic residency applicants must affirm that he or she has applied only to schools participating in the Match program.

Are you applying exclusively to programs participating in the Match?

Yes No (select one)

Applicant Name: _____
First/Middle Initial/Last Name

Signature: _____
