

PROCEDURE FOR CONDUCT IN ACCORDANCE WITH THE HSC CONFLICT OF INTEREST AND CONFLICTS OF COMMITMENT GUIDELINES

PURPOSE

The Robert C. Byrd Health Sciences Center of West Virginia University employs innovative faculty, staff and students who earn regional, national, and international recognition for their contributions to education, research, patient care, and the advancement of their diverse clinical and scientific specialties. As a result of their expertise and experience, faculty and staff have opportunities to engage in professional activities with industry, professional and scientific organizations and journals, other universities, and governmental agencies. Participation in these activities may create real and perceived conflicts of interest and commitment. At other universities this participation has affected public trust in the partnership between academia and industry. To retain patient and public trust, West Virginia University School of Dentistry adopts the Health Sciences Center (HSC) Conflict of Interest guidelines governing interaction with industry.

This procedure is intended to assist School of Dentistry faculty and staff to confidently and more easily follow the Health Sciences Center Code of Conduct for pharmaceutical drug and over-the-counter dental product samples and medical devices.

DEFINITIONS

Conflict of Interest - i

involves a set of circumstances that creates a risk that faculty, staff, or student (including undergraduate and graduate students, health profession residents, fellows, and post-doc learners) professional judgment or actions regarding a primary interest (education, patient care, conducting or reporting research, or performing other University obligations) will be unduly influenced by a secondary interest (financial gain or other personal considerations).

Industry -

means all pharmaceutical manufacturers; biotechnology, medical device, and medical equipment supply entities, and their representatives; and other commercial enterprises.

DONATIONS: PHARMACEUTICAL SUPPLIES, OTC DENTAL PRODUCTS, DEVICES (HARDWARE AND SOFTWARE)

Ms. Donna Haid & Dr. Mike Meador

All donated pharmaceutical and over-the-counter dental product and medical device samples MUST be delivered to Ms. Haid and Dr. Meador, who will maintain a log of the samples provided by each vendor and make determinations regarding distribution and use of the samples within each department.

♣ Samples may be accepted *for classroom or laboratory instruction of students* only if all of the following conditions are met:

- 1) the class or lab is taught by Health Sciences Center faculty for the purpose of instructing the students to objectively evaluate the samples;
- 2) the samples are from multiple vendors and constitute a fair representation of the available products for the particular clinical use;
- 3) the instruction is deemed to be necessary for a quality education for the students; and
- 4) the School providing this course establishes an oversight committee to ensure that objectivity and avoidance of conflict of interest are maintained in the course.

↓ PHARMACEUTICAL DRUG AND OVER-THE-COUNTER DENTAL PRODUCT AND DENTAL/MEDICAL DEVICE SAMPLES for Clinic Use

- Faculty, staff and students may NOT individually accept pharmaceutical drug or over-the-counter dental product samples or medical device samples.
- ♣ Faculty, staff and students may NOT accept sample delivery to patient care areas.
- ↓ If the School elects to distribute samples, the sample may only be utilized for patients or classroom use to objectively determine the value of one product over another. Faculty may never use any samples for personal use, which includes use by faculty, staff, or their family members.

EDUCATIONAL EVENTS:

Dr. Christina DeBiase

All educational programming at the School of Dentistry MUST be reviewed by Dr. DeBiase.

- ♣ Industry funding is accepted as an educational grant for an educational program used to improve the quality of education;
- → Any such educational program (on or off-campus) must be sponsored by the SoD and designed by the School to achieve its educational mission. Educational presentations must provide a fair and balanced assessment of therapeutic options and promote objective scientific and educational activities and discourse
- ♣ Complimentary instructor copies of textbooks may be requested from a publishing company for the purpose of reviewing the textbook to see if it is appropriate for educational use at the SoD.

TRAVEL:

Ms. Paula Rice

All travel MUST be handled in accordance with institutional policy.

- ♣ Industry funding is accepted as an educational grant to the SoD.
- ♣ Travel support is at the discretion of the SoD as determined by its educational mission and all travel must be funded by the School of Dentistry.

IF A VENDOR CONTACTS A FACULTY MEMBER TO PROVIDE AN EDUCATIONAL GIFT OR DONATION, THE FACULTY MEMBER MUST:

- **COMPLETE THE ATTACHED FORM AND SUBMIT IT TO DR. DEBIASE FOR COMMITTEE REVIEW and**
- **↓** DIRECT THE VENDOR TO PAULA RICE, WHO WILL IN TURN, NOTIFY THE SOD DEVELOPMENT OFFICE (MARY LYNN ULCH AT 293-1452).
